

## Agriculture and Markets

ANDREW M. CUOMO  
Governor

RICHARD A. BALL  
Commissioner

Division of Animal Industry, 10B Airline Drive, Albany NY 12235 518-457-3502

February 6, 2020

**To: State and County Fair Officials, Cooperative Extension Agents and Interested Parties**

The Animal Health Requirements for the 2020 county fairs and New York State Fair and other relevant documents are now available online. We will not be mailing the requirements to save printing and mailing expense. You can find the requirements by going to: <https://agriculture.ny.gov/farming/fairs> and scrolling down the page until you find the section "Fair Health Requirements". The specific links are as follows:

2020 Fair Animal Health Requirements:

<https://agriculture.ny.gov/2020-fair-health-requirements>

2020 Fair Interstate Health Requirements:

<https://agriculture.ny.gov/2020-interstate-health-requirements-fair-animals>

Exhibitor Prefair Guidelines:

<https://agriculture.ny.gov/2020-exhibitor-prefair-guidelines>

Please forward this information to your appropriate staff. The document is in PDF format which should facilitate publishing in your fair premium books. If you have difficulty with our website or have any issues with obtaining the documents you can contact me at [joy.bennett@agriculture.ny.gov](mailto:joy.bennett@agriculture.ny.gov) or **518-457-3502**. You can also request a Microsoft Word version at my email address.

**Notice on Pullorum Testing: All poultry are required to be pullorum tested or originate directly from an NPIP certified flock. This requirement was waived in 2019 due to a pullorum antigen shortage. Pullorum antigen is back in stock and testing is required for the 2020 fair season.**

Other than reinstating the pullorum test requirement for poultry, there are no significant changes to the animal health requirements for the 2020 fair season. Radio frequency identification, commonly referred to as "840 RFID tags," is strongly recommended for cattle and swine, but not required.

The Department will supply a limited number of 840 RFID tags to producers for cattle and swine going to fairs. To order 840 RFID tags, please use the 2020 Order Form for Free Producer Ear Tags.

[https://agriculture.ny.gov/system/files/documents/2020/01/ai-489\\_order\\_form\\_producer\\_ear\\_tags.pdf](https://agriculture.ny.gov/system/files/documents/2020/01/ai-489_order_form_producer_ear_tags.pdf)

Prefair Exhibitor Guidelines are at the end of the requirements. They are also available as a separate document for easy distribution. The purpose of this section is to help guide the exhibitors through the process of meeting the fair requirements and hopefully avoid issues at the fair. Please distribute to your exhibitors.

The summary of interstate health requirements is also available on the website. You may wish to provide this information to your out of state exhibitors including petting zoos, rodeos, racing pigs, circuses, etc. to help avoid problems at fair time. You will also find on our website a listing for poultry pullorum clinics that will be updated regularly as the information becomes available.

Representatives of the Division of Animal Industry will be in contact with their assigned fairs to review these requirements and address any concerns prior to the fair. Questions can also be directed to our office at **518-457-3502** or [joy.bennett@agriculture.ny.gov](mailto:joy.bennett@agriculture.ny.gov)

Sincerely,

Joy Bennett, DVM, MPH, DACVPM
